- A. affixing voice impression
- B. affixing digital signature
- C. affixing video
- D. affixing visual impression

ANSWER: B

32. DES stands for -----

- A. Data Encryption Symbol
- B. Data Encryption Signature
- C. Encryption Standards
- D. none of the above

ANSWER: B

33. Technology refers to methods, tools, machineries, procedures to handle applied_____

- A. Input & output relation
- B. Only input relation
- C. Only output relation
- D. None of the above

ANSWER: A

34. E-Commerce is an exchange of business information through

- A. Paper
- B. Network
- C. Sales
- D. Shopping

ANSWER: B

35. A key hardware platform for I- way access will be

- A. Set-Top-Boxes
- B. Routers
- C. Hubs
- D. Telephony

ANSWER: A

36. _____of EDI specify business form structure.

- A. Semantic
- B. Standards
- C. Packing
- D. Physical

ANSWER: A

37. Convergence of communication equipment that provides the pipelines to transmit

- A. Voice
- B. Data
- C. Image and video
- D. All the above

ANSWER: D

38. Multimedia storage servers are large information warehouses capable of handling various context

- A. Books
- B. News paper
- C. Movies
- D. All the above

ANSWER: D

39. Which one EDIFACT business form layer

- A. EDI Semantic layer
- B. EDI Standard layer
- C. EDI Transport layer
- D. Physical Layer

ANSWER: B

40. _____ uses various authorization methods to make sure that only valid users & programs
- A. Client Server Security
 - B. Data Transaction Security
 - C. Admin Security
 - D. Electronic Security

ANSWER: A

41. Common problems , as hackers gain access to network systems by guessing passwords for users
- A. Physical security holes
 - B. Software security holes
 - C. Inconsistent Usage
 - D. Operating security

ANSWER: B

42. The Mainframe era practiced a philosophy known as ____
- A. Security through obscurity
 - B. Password scheme
 - C. Biometric system
 - D. Trust based security

ANSWER: B

43. Variants, Overwriting, Resident, Stealth are types of
- A. Virus
 - B. Trojan horse
 - C. Worm
 - D. Software Agents

ANSWER: B

44. Services such as FTP, E-mail, Gopher are located on the firewall system
- A. Concentrate of security
 - B. Hiding program
 - C. Simplified Networks
 - D. Control security

ANSWER: C

45. Complementary Multimedia services like home banking , financial services & news are consumer life style needs under
- A. Entertainment
 - B. Financial services & information
 - C. Essential services
 - D. Education

ANSWER: B

46. E-Commerce is an exchange of business information through
- A. Paper
 - B. Network
 - C. Sales

D. Shopping

ANSWER: B

47. sound cyber law regime includes

- A. public interest
- B. private interest
- C. both
- D. none of the above

ANSWER: A

ANSWER: B

49. indian penal code formed in year

- A. 1861
- B. 1863
- C. 1860
- D. 1862

ANSWER: C

50. indian evidence act formed in year

- A. 1871
- B. 1873
- C. 1872
- D. 1870

ANSWER: C

51. Bankers book evidence act formed in year

- A. 1891
- B. 1892
- C. 1893
- D. 1895

ANSWER: A

52. RBI act formed in year

- A. 1931
- B. 1932
- C. 1933
- D. 1934

ANSWER: D

53. IT act 2000 section 3 contains

- A. digital & electronic signature
- B. electronic goverance

- C. despatch of electronic records
- D. secure electronic signature

ANSWER: A

54. IT act 2000 sec 4 to 10A contains

- A. acknowledgement
- B. electronic records secure
- C. electronic governance
- D. none of the above

ANSWER: C

55. IT act 2000 sec 17 to 34 contains

- A. regulation of certifying authority
- B. electronic records
- C. digital signature
- D. none of the above

ANSWER: A

56. It act 2000 sec 43 to 47 contains

- A. duties of subscriber
- B. penalties
- C. cyber appellate
- D. offence

ANSWER: B

57. Any person who commits a cyber crime is known as

- A. cyber person
- B. cyber criminal
- C. cyber mental
- D. cyber actor

ANSWER: B

58. Easy to access, complex are the reasons for

- A. cyber crime
- B. DSC
- C. loss of evidence
- D. negligence

ANSWER: A

59. Cyber crime based on role of computer are

- A. computer as target & tool
- B. hackers
- C. insiders
- D. outsiders

ANSWER: A

60. cyber crime based on perpetrators are

- A. hackers

- B. tools & techniques
- C. theft
- D. complex

ANSWER: A

61. Cyber crime based on victims are

- A. insider
- B. outsider
- C. crime against society
- D. hackers

ANSWER: C

62. Identify theft, sms spoofing, hacking & cyber stalling are

- A. crime against society
- B. crime against individual

- B. cyber warfare & terrorism
- C. cyber network
- D. cyber technology

ANSWER: B

68. Section 43 B of the IT act 2000 indicates

- A. unauthorized download data
- B. penalty
- C. virus
- D. defaults

ANSWER: A

69. Section 43 C of IT act 2000 indicates

- A. default data
- B. computer contaminant
- C. network access
- D. storage data

ANSWER: B

70. Section 43 E of IT act 2000 indicates

- A. Disruption of computers
- B. main data
- C. sub system
- D. control data

ANSWER: A

71. Manipulation of computer for account of another person is under sec

- A. 43G
- B. 44H
- C. 43H
- D. 44G

ANSWER: C

72. GII helps to make continual evaluation of

- A. invention factor
- B. innovation factor
- C. normal factor
- D. none of the above

ANSWER: B

73. GII means

- A. global invention index
- B. global innovation index
- C. global internal index
- D. global identity index

ANSWER: B

74. DRM means

- A. digital rights manpower
- B. digital rights management
- C. digital rights market
- D. digital rights measures

ANSWER: B

75. ____ can prevent from copying without the authentication

- A. DRM
- B. ECMS
- C. GII
- D. TRIPS

ANSWER: B

76. TPM means

- A. technology process measures
- B. technology protection measures
- C. technology promote measures
- D. none of the above

ANSWER: B

77. ____ convention for the protection of literary and artistic works

- A. universal
- B. world
- C. berne
- D. multilateral

ANSWER: C

78. Indian copyright act made ____ copyright convention

- A. market
- B. berne
- C. universal
- D. GII

ANSWER: C

79. SPW means

- A. soft process woks
- B. soft property works
- C. soft person works
- D. soft pupil works

ANSWER: B

80. IPR inculdes

- A. patent violations
- B. unviolations
- C. banks
- D. power

ANSWER: A

81. Cyber terrorism includes

- A. patent violation
- B. banks
- C. flood
- D. hackers

ANSWER: B

82. Investment frauds includes

- A. hackers
- B. counterfeit securities
- C. gambling
- D. defamation

ANSWER: B

83. _____ involves changing data prior

- A. diddling
- B. gambling
- C. hacker
- D. stalking

ANSWER: A

84. Cyber defamation is also called

- A. smearing
- B. stalking
- C. diddling
- D. defining

ANSWER: A

85. Sale of illegal articles includes

- A. gambling
- B. stalking
- C. narcotics
- D. theft

ANSWER: C

86. ___ is one of the mechanism

- A. cyber crime
- B. cyber security
- C. privacy policy
- D. public policy

ANSWER: B

87. SSL means

- A. secure stock language
- B. secure stock layer
- C. secure socket layer
- D. secure socket language

ANSWER: C

- D. antivirus software

ANSWER: B

91. URL means

- A. uniform regular locator
- B. uniform recovery locator
- C. uniform regular locator
- D. uniform resource locator

ANSWER: D

92. Cautions in sweepstakes are

- A. foreign lotteries
- B. legal message
- C. stock holders
- D. theft

ANSWER: A

93. Tampering with computer source documents in sec____ in IT act 2000.

- A. 64
- B. 65
- C. 66
- D. 67

ANSWER: B

94. Hacking with computer systems,data alteration in sec_____ of IT act 2000

- A. 65
- B. 66
- C. 67

D. 68

ANSWER: B

95. Breach of confidentiality and privacy in section ____ of IT act 2000

A. 71

B. 72

C. 73

D. 74

ANSWER: B

96. Booking information is the types of

A. SSL

B. DSC

C. EDI

D. SSC

ANSWER: C

97. EDI standard format are____

A. EDIFACT

B. EDIFALL

C. EDIFORCE

D. EDIVES

ANSWER: A

98. OMS means

A. order management secure

B. order management system

C. order management source

D. order management stall

ANSWER: B

99. ANSI refers to

A. american national standards institute

B. american national secure institute

C. american national super institute

D. american national social institute

ANSWER: A

100. ASC refers to

A. accredited standards council

B. accredited standards committee

C. accredited standards corporation

D. accredited standards common

ANSWER: B

101. HIPAA refers to

A. health insurance portability and accountability act

B. health insurance process and accountability act

- C. health insurance profit and accountability act
- D. health insurance possible and accountability act

ANSWER: A

102. _____ will do compliance checking and translate the message into an EDI format

- A. VAN
- B. LAN
- C. EDI translator
- D. re-keyed

ANSWER: C

103. Benefits of EDI

- A. high cost
- B. low cost
- C. not accuracy
- D. not security

ANSWER: B

104. VAN provides

- A. EDI format
- B. IBM global services
- C. clearing house
- D. vendor application

ANSWER: B

105. AS2 denotes

- A. applicability statement 1
- B. applicability statement 2
- C. applicability statement 3
- D. applicability statement 4

ANSWER: B

106. CVV means

- A. card value verification
- B. card verification value
- C. card value vessel
- D. card verification vote

ANSWER: B

107. The term e-commerce includes

- A. Marketing page
- B. I-ad
- C. Affiliate ad
- D. Pop-up ad

ANSWER: D

117. What type of technology scrambles the contents of files sent via the Internet?

- A. Encryption
- B. Secured data interchange
- C. Cryptogram
- D. Regulated code

ANSWER: A

118. Identification certificate, certifying authority binds names of

- A. private key
- B. public key
- C. analog key
- D. usage key

ANSWER: B

119. _____ certificate might state residence, age, association with any subscriber

- A. authorizing
- B. identification
- C. both a & b
- D. above the all

ANSWER: A

120. _____ certificate attest some facts about a transaction

- A. authorizing
- B. transactional
- C. identification
- D. none of the above

ANSWER: B

121. Certain minimum quality standard for password shall be enforced

- A. password management
- B. password selection
- C. user account

D. user capacity

ANSWER: A

122. To control access to application system & data are

- A. users A/c management
- B. users manual management
- C. users password management
- D. none of the above

ANSWER: A

123. Iris recognition, finger print are

- A. data system protection
- B. sensitive system protection
- C. media system protection
- D. resource system protection

ANSWER: B

124. Procedures shall be established to ensure job schedule are

- A. job meeting
- B. job selection
- C. job scheduling
- D. job operation

ANSWER: C

125. To ensure that only authorized & correct job stream & parameter are

- A. system
- B. operation
- C. system operation
- D. certifying

ANSWER: C

126. Response for media library management & protection are

- A. source management
- B. system management
- C. data management
- D. media management

ANSWER: D

127. Proper records of all movement of computer tapes, disks are

- A. media management
- B. data management
- C. media movement
- D. library management

ANSWER: C

128. Transactions that meet exception criteria

- A. data backup
- B. audit trails

- C. encryption keys
- D. data files

ANSWER: B

129. whenever computers or computer peripherals are relocated

- A. reloading of software
- B. relocation of hardware
- C. relocation of software & hardware
- D. cradiation

ANSWER: C

130. All documentation pertaining to application software & sensitive system

- A. security system
- B. network process
- C. documentation security
- D. documentation idea

ANSWER: C

131. All sensitive information on the networks shall be protected

- A. network access device
- B. network communication security
- C. network property
- D. network device

ANSWER: B

132. Intelligent device generally known as

- A. network cable
- B. system software
- C. firewall
- D. hubs

ANSWER: B

133. Being able to conduct business 24*7*365 are

- A. E-commerce
- B. global market
- C. market issue
- D. planning

ANSWER: A

134. online service under national E-governance plan

- A. income tax
- B. pension
- C. central excise
- D. all the above

ANSWER: D

135. NeGP means

- A. national e-governance plan

- B. national e-goods plan
- C. national e-general plan
- D. none of the above

ANSWER: A

136. Asymmetric cryptography includes

- A. private key & public key
- B. only private key
- C. public key
- D. none of the above

ANSWER: A

137. The signatory is the authorized holder a unique cryptographic

- A. key digital
- B. key pair
- C. unique pair
- D. dual pair

ANSWER: B

138. signatory prepares a _____ message

- A. key message
- B. point message
- C. data message
- D. id message

ANSWER: C

139. Intellectual property refers to _____ message

- A. tangible
- B. intangible
- C. point
- D. id

ANSWER: B

140. Major issues were the development of cyber space pave the way for_____

- A. cyber crime & law
- B. law
- C. cyber crimes
- D. none of the above

ANSWER: A

141. facilitating functions of cyber space are _____

- A. e-banking
- B. e-mobile
- C. e-booking
- D. all the above

ANSWER: D

142. computer,mobile phone,atm,email are_____ cyber crime

- A. moderate
 - B. inclusive
 - C. exclusive
 - D. optional
- ANSWER: B

143. A key hardware platform for I- way access will not be

- A. Set-Top-Boxes
- B. routers
- C. hubs
- D. none of the above

ANSWER: D

144. sound cyber law regime not includes

- A. public interest
- B. private interest
- C. both
- D. none of the above

ANSWER: B

145. Computer sabotage not includes means

- A. filing
- B. assembling
- C. hardware
- D. none of the above

ANSWER: D

146. GII helps to make not a continual evaluation of

- A. innovation factor
- B. innovation idea
- C. innovation duty
- D. none of the above

ANSWER: D

147. The procedures shall not be established & correct job stream

- A. system procedure
- B. operation procedure
- C. both
- D. none of the above

ANSWER: D

148. proper records of all movements of computer graphic are

- A. media movement
- B. graphic media movement
- C. data movement
- D. IT movement

ANSWER: B

149. All sensitive information on the network shall not be protected

- A. network communication
- B. network data
- C. wifi
- D. none of the above

ANSWER: D

150. Not an intelligent devices generally known as

- A. firewall
- B. data security
- C. anti virus
- D. none of the above

ANSWER: D

Staff Name
Nancy Sebastina.J.
